Jones, Adam. **Genocide: a comprehensive introduction.**
 Routledge, 2006. 430p bibl index afp ISBN [0-415-35385-8](#), \$120.00; ISBN [041535384x](#) pbk, \$33.95; ISBN [9780415353854](#), \$120.00; ISBN [9780415353847](#) pbk, \$33.95. Reviewed in 2007apr CHOICE. • [New from Routledge](#) •

The subtitle says it all: unique in the literature, this book provides a thorough, comprehensive introduction to the subject of genocide. Jones, a Yale political scientist and genocide scholar, delivers a very readable, intellectually stimulating text. The overall perspective is interdisciplinary. Relevant research and insights from psychology, sociology, and anthropology are included; maps and illustrations complement many of the examples and case studies. A Web site <http://www.genocidetxt.net> supplements the book. The historical coverage ranges from discussions of genocide in the Hebrew Bible to contemporary abominations in Sudan's Darfur region. Commendably, there are thoughtful chapters on the significance of gender, memory and denial, and postgenocide tribunals. The book concludes with strategies to anticipate future genocides and intervene when necessary. Readers are encouraged as responsible citizens to consider their reactions to genocide. **Summing Up:** Essential. All readership levels. -- *P. G. Conway, SUNY College at Oneonta*
